Application for Classroom Placement

The time to prepare for next school year is fast approaching! Although not required, if parents would like to share input regarding their child's class placement for next school year, a **completed application form must be submitted to the office no later than April 28th (no exceptions)**. The form can only be completed electronically as there is not a paper version of it. To access the application form please go to <https://bit.ly/OESclassplacement>, the school website osmond.lcsd2.org, or scan the QR Code. This will be available starting April 7th.

Please note that phone calls, emails, notes, or conversations with teachers about class placement will not substitute for completing the form. As always, please feel free to give me a call at 307-885-9457 if you have any questions.

REGISTRATION FOR THE 2025 – 2026 SCHOOL YEAR WILL OFFICIALLY OPEN ON APRIL 7TH

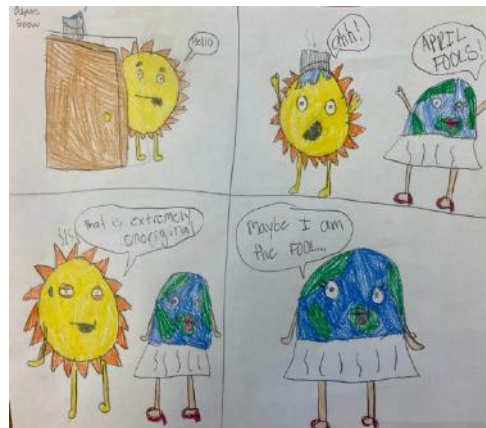

Go to lcsd2.org and complete registration for your student's upcoming school year. **This is something we need completed for every student.** Please make sure that all information including address, phone numbers, email addresses, emergency contacts, etc. are up to date. It is important that this information is correct in order for us to contact you and send school correspondence.

State Testing

WY-TOPP stands for Wyoming's Test of Proficiency and Progress. The window for these standardized tests opens on April 15th and ends on May 9th. Our teachers are coming up with a testing schedule for their class. By combining our efforts, we will be able to make this a positive and productive time.

- Make sure your child goes to bed early. A good night sleep is important! Students should get between 9 and 11 hours of sleep every night.
- Provide a good breakfast. To work properly your brain needs fuel.
- Make sure they attend school every day. Make up tests are difficult to schedule!
- Please schedule doctor/dentist appointments for afternoons.

Student Cartoon
by Aspen Snow

The Osmond library would like to say thank you for all the parental and student support with our book fairs this school year.

We would also like to thank those parents who took the time to participate in our Spring Parent Teacher Conferences.

We truly have some of the best students and parents!

NURSES CORNER: April is Distracted Driving Awareness Month

THE FOUR TYPES OF DISTRACTIONS ARE:

- Visual** – looking at something other than the road.
- Auditory** – hearing something not related to driving.
- Manual** – manipulating something other than the steering wheel.
- Cognitive** – thinking about something other than driving.

FIVE FACTS YOU SHOULD KNOW BEFORE TEXTING AND DRIVING

1. **You're at a huge risk.** Text messaging increases the risk of crash or by 23 times.
2. **Teens are at a huge risk.** The fatal crash rate for teens is 3 times greater than for drivers age 20 and over.
3. **Teens are not better at texting.** Driver distraction is responsible for more than 58% of teen crashes.
4. **Most people are hazards.** Over 80% of drivers admit to blatantly hazardous behavior while driving, such as changing clothes, steering with a foot, painting nails, or even shaving.
5. **Five seconds is a long time.** Sending or reading a text message takes your eyes off the road for about 5 seconds, long enough to cover a football field while driving at 55 mph. Each day in the United States, approximately nine people are killed and more than 1,000 injured in crashes that are reported to involve a distracted driver.

Each day in the United States, approximately nine people are killed and more than 1,000 injured in crashes that are reported to involve a distracted driver!

WHY DISTRACTED DRIVER AWARENESS MONTH IS IMPORTANT

- **Texting and swerving.** People who text and drive, statistically spend 10% of their time on the road, outside their lane. Yikes!
- **It's illegal.** 43 of America's 50 states have laws prohibiting texting and driving. South Dakota, New Mexico, Mississippi, Texas, Oklahoma, and Missouri have laws regulating it. Arizona just extended their reckless driving laws to cover texting.
- **Texting is worse than drunk driving.** Texters are six times more likely to wreck their car than drivers over the legal drinking limit. How horrifying is that? Answer: VERY!

Please remember to drive responsively and wait to make that phone call or text until after you have finished driving. You could unintentionally kill someone else or even yourself.
