

Welcome BACK TO SCHOOL

BREAKFAST & LUNCH INFO

Breakfast \$2.00

Lunch \$3.00

Milk \$0.60 (when purchased separately from a meal)

Visit lcsd2.org, click district, department, then nutrition if you would like to:

- pay breakfast/lunch money online
- print menus
- complete free/reduced lunch application

STUDENT MEDICATION

If your student requires medication during the school day, you will need to fill out a "Prescription Administration Authorization Form". The form can be at on lcsd2.org, family & students, then School Health & Nurse Services.

Completed forms can be turned into Nurse Kelli or Mrs. Nield in the office. Please make sure you get a Doctor signature if the medication is a prescription.

Please visit osmond.lcsd2.org and familiarize yourself with the "Family & Student" section. Here you will find Osmond's Handbook, Dress Code, Calendars, Bell Schedule, Newsletters & so much more.

We are unable to transfer a phone call from you to your students classroom.

If you need to speak with your student, leave a message with the office & we will have them call you during their next recess.

Just a reminder that staff is not required to be in the building prior to 7:30 am. For the safety of your student, we strongly encourage that you do not drop off students until after that time.

Please call the office **BEFORE 2:00 PM** with messages for your student or to have us write them a bus note.

We can not guarantee messages after 2:00 pm will get to your student prior to them being released from school.

Visit transportation.lcsd2.org

where you can find info regarding the new "BusQuest" app that will allow you to track your student while they are on the bus.

You can also find route maps & bus bell schedules on their website.

Please be aware that all students need a note in order to get off the bus somewhere other than their normal stop.

If you have questions you are welcome to call the transportation department at 307-885-7146

Please label backpacks, coats, boots, lunchboxes, sports equipment, etc. This makes it easier to identify the owner if they are accidentally misplaced or forgotten.

Title 1 programs throughout the nation are partially funded using the percentage of students on free and reduced lunches.

Schools use this money to provide additional help for students in need academically.

Therefore, **we encourage all families to apply for free and reduced meals by scanning the QR code.**
