DIGITAL CITIZENSHIP - APRIL
"BE KIND - ONLINE AND OFFLINE"

-What is a "Cyberbully?" 

-What are the steps we can take to stop a cyberbully? 

-Be kind to those around you - online AND offline. 

TREAT OTHERS WITH KINDNESS

State Testing: WY-TOPP stands for Wyoming's Test of Proficiency and Progress. The window for these standardized tests opens on April 14th and ends on May 8th. Our teachers are coming up with a testing schedule for their class. By combining our efforts, we will be able to make this a positive and productive time.

- Make sure your child goes to bed early. A good night sleep is important! Students should get between 9 and 11 hours of sleep every night.
- Provide a good breakfast. To work properly your brain needs fuel.
- Make sure they attend school every day. Make up tests are difficult to schedule!
- Please schedule doctor/dentist appointments for afternoons.

NURSES CORNER: April is Distracted Driving Awareness Month

FIVE FACTS YOU SHOULD KNOW BEFORE TEXTING AND DRIVING

1. **You're at a huge risk.** Text messaging increases the risk of crash or by 23 times.
2. **Teens are at a huge risk.** The fatal crash rate for teens is 3 times greater than for drivers age 20 and over.
3. **Teens are not better at texting.** Driver distraction is responsible for more than 58% of teen crashes.
4. **Most people are hazards.** Over 80% of drivers admit to blatantly hazardous behavior while driving, such as changing clothes, steering with a foot, painting nails, or even shaving.
5. **Five seconds is a long time.** Sending or reading a text message takes your eyes off the road for about 5 seconds, long enough to cover a football field while driving at 55 mph. Each day in the United States, approximately nine people are killed and more than 1,000 injured in crashes that are reported to involve a distracted driver.

WHY DISTRACTED DRIVER AWARENESS MONTH IS IMPORTANT

- **Texting and swerving.** People who text and drive, statistically spend 10% of their time on the road, outside their lane.
- **It's illegal.** 43 of America's 50 states have laws prohibiting texting and driving. South Dakota, New Mexico, Mississippi, Texas, Oklahoma, and Missouri have laws regulating it. Arizona just extended their reckless driving laws to cover texting.
- **Texting is worse than drunk driving.** Texters are six times more likely to wreck their car than drivers over the legal drinking limit. How horrifying is that? Answer: VERY!

Please remember to drive responsibly and wait to make that phone call or text until after you have finished driving. You could unintentionally kill someone else or even yourself.
